LARGE SECTION UNDER WATER

NEW ORLEANS, La., Oct. 2.—Reports tonight from the sections of Louisiana and the Mississippi gulf coast swept by Wednesday night's storm brought the number of known dead to 198 and the missing to 310. Estimates of the property loss stood at approximately \$12,000,000. With the exception of a few isolated points, reports have been received from the entire district and general indications were that the total death toll would not exceed 350. The exact number of fatalities cannot be determined, however, until the waters recede.

Large Section Under Water.
A large section of the area now under water was uninhabited marsh land and it is believed most of the people living on plantations along the river heeded the widely distributed warnings of the weather bureau and reached places of refuge. Island De La Croix, 28 miles south of New Orleans, reported seventeen persons drowned.

The reports stated that a number of marooned persons lined the river banks at Plaquemine and were sorely in need of food and shelter. Rescue boats have been dispatched. Relief boats sent out to various points have not yet returned but a number of refugees have been brought to New Orleans on small boats coming in from the lower Mississippi river and the lakes and bayous.

Relate Thrilling Stories.
Governor Hall arrived here today to assist in the relief work. The Wolvline liner City of Tampico from Vera Cruz arrived here today with all her 25 passengers safe after a terrific battering by the winds and waves in the gulf of Mexico Wednesday and Wednesday night. Two Mexican sailors were swept overboard and drowned. Officers and passengers, a number of whom were women and children, related thrilling stories of the steamer's fight with the hurricane about twenty miles out from the mouth of the river.

Five women and their eleven children perished at Island De La Croix, while the five husbands clung to the roof of a house almost within reach of their loved ones struggling in the water, according to the story told by a relative of one of the survivors arriving here. The women and the children had been placed in a skiff by the men who themselves found refuge on a roof floating in the flood. The skiff suddenly was swept under the roof by the swirling waters and the occupants were drowned.

Describes Rescue of Twenty-One.
Mobile, Ala., Oct. 2.—The rescue of twenty persons marooned in a railroad repair car at Rigolito, La., all of Wednesday night while the tropical hurricane demolished nearby houses and the flood waters rose six inches above the level of the car floor was described here today by W. E. Gossett, one of the marooned party. Gossett estimated the number who perished at Rigolito at twenty-one. He said 16 spans of the long Rigolito railroad bridge had been swept away.

WOMAN KILLS DOCTOR.
Hillsboro, Texas, Oct. 2.—Re-opening an old family feud, Mrs. Joseph Kirkpatrick today shot and killed Dr. A. C. Saylor, in front of the Hill county fair grandstand where several thousand persons had gathered to hear a peace lecture by William Jennings Bryan.

Dr. Saylor, who was one of the most prominent physicians of Central Texas, was out on bond for the killing of Mrs. Kirkpatrick's husband last January.

FEEL EARTH SHOCKS.
San Francisco, Oct. 2.—Sharp earthquake shocks were felt at 10:56 o'clock tonight at points in Utah, Nevada, Oregon, Idaho and California. Throughout the northern part of California two distinct tremors occurred in rapid succession, the period of vibration being from 10 to 15 seconds. No shocks, however, were experienced in San Francisco.

UNITE AGAINST VILLA.
El Paso, Texas, Oct. 2.—The Carranza consulate here today gave out the following statement: "Arrivals from Parral, Chihuahua state, bring information that the brigades of General Manuel Chao and Lomas Urbina have united against the Villa government preparatory to joining the forces of Carranza. When General Villa summoned the garrison of Balleza to join him only twenty-five of a force of 600 men responded."

DYSON DENIES DISEASE IS SPREADING RAPIDLY

TELEGRAPHS REPLY TO CALIFORNIA
STATE VETERINARIAN

States Foot and Mouth Disease is
Now Confined to Lake, Cook, LaSalle
and McDonough Counties
and There is No Interference in
the Work of Eradication.

Springfield, Ill., Oct. 2.—In a telegraphed reply sent today to Dr. Charles A. Keane, state veterinarian of California, by O. E. Dyson, state veterinarian of Illinois, denied that foot and mouth disease is spreading rapidly.

In his reply Dr. Dyson said: "Foot and mouth disease now is confined to Lake, Cook, LaSalle and McDonough counties. One outbreak in each county yesterday. Each case due to exposure from adjoining farms. No interference with work of eradication."

"Slaughter and burial of infected herds and disinfection of premises usually accomplished within forty-eight hours. During injunction cuts no figure with proper handling other infected herds. I am confident the disease can and will be confined to present infected areas."

The message was sent in reply to one in which Dr. Keane announced that no cattle, sheep nor other ruminants, nor swine would be permitted to enter California, from any state east of the Mississippi nor from Minnesota, Iowa, Missouri, Kansas and Montana, because Dr. Keane explained, "foot and mouth disease is very prevalent in Illinois ***** and the fact that no attempt is being made to control it."

Dr. Dyson pointed out today that two of Mrs. Scott Durand's prize herd of infected cattle saved from the rifles of deputies in Lake county by an injunction, had died from the disease.

SHERIFF RESCUES OFFICIALS FROM THROG OF STRIKING MINERS

CLIFTON, Ariz., Oct. 2.—The first trouble in the strike of miners employed by the Copper Producing companies of the Clifton district occurred here today when a throng of men, bearing banners inscribed "we will fight before we starve" paraded the streets and later seized Edward Dawson and several other mine officials. The officials were rescued by Sheriff J. J. Cash and lodged in the county court house for safety.

Quiet was restored late tonight.

APPROVE JOHN D.'S INDUSTRIAL PLAN

Fate of Proposal Hangs on
Decision of Directors
and Miners

APPROVAL UNANIMOUS

Officers of Company Believe
There Will Be Little Opposi-
tion Among the Employees

BOARD MEMBERS GIVE VIEWS

PUEBLO, Colo., Oct. 2.—The fate of the Rockefeller industrial plan now hangs upon the action of the Colorado Fuel & Iron company directors and the miners employed by the company. At a meeting here today attended by delegates from the various Colorado coal camps operating officers and mine superintendents the plan was unanimously approved. The meeting voted to submit the proposal to the directors at a meeting in Denver on Monday and to the miners at a referendum vote. The miners will vote at each camp by secret ballot. If a majority of the directors and a majority of the miners elect to accept the plan, it will become effective at once.

Rockefeller Explains Plan.
At a meeting today Mr. Rockefeller outlined the plan in a speech to the men who then discussed it. The sprinkling of members of the United Mine Workers among the delegates made no opposition and the vote on the approval of the Rockefeller disposal was unanimous.

The miners' referendum on the industrial plan is expected to be completed early next week. Officers of the company indicated a belief that there would be little opposition among the miners.

The Rockefeller plan makes no provision for the workers in the steel mills. It was stated that if the mediation system is applied successfully in the mining camps, it will be extended to the steel mills and other Rockefeller enterprises.

Board Members Give Opinion

Denver, Colo., Oct. 2.—The Rockefeller industrial plan approved at Pueblo today by company officers, superintendents and miners representatives will not eradicate fundamental evils, in the opinion of Robert H. Harlin, Percy Tetlow and J. F. Moran, representing the international executive board of the United Mine Workers of America in charge of the Colorado district. The committee in a formal statement, however, expressed the belief that the plan will unquestionably be of benefit to the Colorado Fuel & Iron company and, if sincerely carried out, will no doubt eradicate some of the lesser evils that have existed so long in the southern Colorado coal fields.

The statement declared that the searchlight upon the unspeakable industrial conditions existing in southern Colorado "that public opinion condemned the 'spirit of arrogance and intolerance displayed toward President Wilson,' and other men who sought to work out a solution and that 'it finally dawned upon these men that an effort must be made to redeem themselves in the public mind and the best brains that their money could buy were put to the task of drafting a document that would provide a more refined system of exploitation and that in plausible terms would outline plans for the hearing of grievances while at the same time it guarded ever so carefully every vested right heretofore claimed by the company."

JACKSONVILLE U. C. T'S BEATEN BY SPRINGFIELD

Jacksonville Commercial Travelers were defeated at baseball Saturday afternoon, when members of Springfield Council No. 95 met the team from Jacksonville Council No. 182, U. C. T., on the diamond at Lincoln park. The score was 7 to 3 in Springfield's favor. Roby caught the Jacksonville's Lavery, 1b; Cornick, ss; Patterson, 3b; Leary, c; Mortenson and Cain, rf; Gard, rf; Van Valza, 2b; Kastrup, p. Mortenson was hit by a pitched ball in the first inning and L. Cain took his place.

The Jacksonville Travelers feel they can untie the series in their own favor next Saturday when they meet the Springfield boys for the third time. Three weeks ago, Jacksonville defeated the Springfield U. C. T.'s by a 15 to 6 score.

TROLLEY MEN IN CONVENTION

San Francisco, Oct. 2.—The annual convention of the American Electric Railway association has attracted the leading public service officials to this city. When the meeting opens on Monday, it is expected that the total trackage represented will be 37,000 miles, out of the grand total of 41,000 miles of electric railways in the United States. The reports of a number of committees will be presented, and there will be many prominent speakers during the five-day session.

LANSING TO MEET MEXICANS MONDAY

Will Invite Carranza and
Villa Representatives
to Present Views

WILL CALL CONFERENCE

Pan-American Diplomats Will
Consider Results of Secre-
tary's Investigations

VILLISTAS RELEASE TROOPS

NEW YORK, Oct. 2.—Secretary Lansing announced today that on his return to Washington on Monday he would receive representatives of all factions originally a part of the revolution that overthrew Huerta in Mexico.

The secretary will invite Elizeo Arondo, the authorized representative in Washington of General Carranza, to submit data to him concerning the material and moral capacity of the Carranza government and similarly Enrique L. Llorente, the Washington agent of General Villa will be given an opportunity to set forth the views of the party he represents. Each will be permitted to bring other delegates to present facts all of which the American government is anxious to get before deciding upon the faction to which to accord recognition.

Carranza Men Visit Lansing

As a preliminary to the conference next week Robert Pesquer, Carranza adviser and Charles A. Douglas, Washington attorney for General Carranza called on Secretary Lansing separately today to pay their respects. It is understood they were asked to submit memoranda of their respective views next week.

After the secretary has gathered information from all quarters he will call a conference of the Pan-American diplomats as announced two weeks ago when the results of the investigation will be taken under consideration.

Bring Soldiers to Border

Fabens, Texas, Oct. 2.—Four privates of the thirteenth cavalry, members of a patrol and who were captured yesterday by Villa soldiers were brought to the border near here today and turned over to Lieutenant McKane. The soldiers wandered across the line at a place where the boundary is unmarked and fell into the hands of the Mexican border patrol. They were disarmed and taken to Guadalupe, where they said they were well treated.

Peace Depends on Mexicans

Brownsville, Texas, Oct. 2.—Peace along the lower Rio Grande frontier depends almost wholly on the action of the Carranza authorities in stopping the unrestricted use of the Mexican side of the river as a refuge from justice.

This was the expressed opinion of American army officers today. It was based on reports reaching army and civil officials.

Today completed the first week since July 6th, without either a raid by Mexicans on Texas ranches or skirmishes across the Rio Grande river between Mexicans and American soldiers.

Refugees Swarm to Agua Prieta

Douglas, Ariz., Oct. 2.—Agua Prieta, the Mexican town opposite here which holds a population of about 1,500 civilians, was crowded tonight with approximately 11,000 refugees who are said to have fled from southern Sonora, in fear of Yaqui Indians and an invasion of the state by Villa troops from Chihuahua.

APPROVES TRUSTEES' ACTION

DANGER OF IMMEDIATE BREAK IS AVERTED

VON BERNSTORFF PRESENTS NOTE
ON ARABIC CASE TO LANSING

Ambassador is Optimistic and Believes New Document Will Completely Solve the Situation—Lansing Expresses No Opinion.

NEW YORK, Oct. 2.—Danger of an immediate break between the United States and Germany over the torpedoing of the Arabic, with a loss of two American lives, has been averted by the assurances contained in a note received personally today by Secretary Lansing from Count Von Bernstorff, the German ambassador. Neither the Secretary of State nor the ambassador would make a statement. The latter was optimistic and believed the new note would completely solve the situation.

Lansing Gives No Opinion

Mr. Lansing expressed no opinion, preferring to consult President Wilson at Washington on Monday but it was evident that he did not share the ambassador's optimism though inclined to regard the new note as offering for the present a negotiable basis. There was nothing to indicate that the new German note met entirely the view point of the United States but inasmuch as the American government made it clear to Count Von Bernstorff informally that disavowal of the sinking of the Arabic was absolutely necessary before there could be any further negotiations or arbitration of the amount of indemnity the general inference was that the Berlin foreign office had taken the view that the German submarine commander must have erred in assuming that the Arabic was intent on a hostile act.

Bernstorff Pleased With Note

Count von Bernstorff at his hotel appeared very much pleased with the contents of the new note which probably will be published in a day or two.

PEACE IS BELIEVED TO BE NEAR IN GARMENT WORKERS STRIKE

Offer State Board of Arbitration, It is Said, May Be Accepted.

Chicago, Oct. 2.—Peace was believed to be near tonight at the end of the first week of the strike of Chicago Garment Workers. It was said an offer from the state board of arbitration which rendered its services to the warring factions at the outbreak of the difficulty, might be accepted. Governor Dunne is said to have suggested this and was reported as working toward this end.

Twenty or more of the smaller firms already have signed an agreement, according to union officials, although no exact figures have been given out. Two of the large firms are making arbitration agreements.

Representatives of both sides tonight expressed the hope that the strike would be ended before the termination of another week. There were several small disturbances today.

GOOD ROADS WORKERS OF NORTHWEST MEET

Cedar Rapids, Ia., Oct. 2.—More than 1,000 workers for good roads from seven different states, are arriving here for the annual convention Congress, which opens on Monday. The congress is composed of Minnesota, Wisconsin, Illinois, North Dakota, South Dakota, Iowa and Michigan. At the session next week Montana, Idaho and Washington will probably be admitted to membership.

BAY STATE REPUBLICANS MEET

Boston, Oct. 2.—The state convention of the Republican party is being held here today, with Lieut. Governor Cushing presiding. With Hon. Samuel W. McCall as their candidate for the governorship, the delegates to the convention believe the office can be wrested from the Democrats at the election next month. The campaign will be one of the warmest ever waged in the old Bay state.

MINNEAPOLIS SALOON QUESTION TO VOTERS

Minneapolis, Minn., Oct. 2.—Whether Minneapolis saloons will be obliged to close their doors will be decided at the polls on Monday. This is the largest city of the Northwest to put the liquor question to the vote. A vigorous campaign comes to a close tonight, and the result cannot be predicted.

ALLIES HOLDING NEW POSITION

Withstand Furious German
Counter-Attacks
Along West Front

RUSS TAKE INITIATIVE

Muscovites Deliver Heavy Blow
at Invaders in Galicia and
at Several Other Points

GREECE ALREADY MOBILIZING

LONDON, Oct. 2.—On both eastern and western fronts heavy fighting is continuous, but it lacks the dramatic features afforded by the east stages of the allies' big offensive which started a week ago today. A result in a considerable gain resulted in Champagne and Artois. Still held by the allies, the drives which the Austro-Germans successfully engineered against the Russians for fully five months they carried them from western Galicia to the western border of old Russia.

Allies Hold New Positions

In the west the allies in the face of furious German counter attacks are holding their new positions and are themselves making local attacks which the Germans claim to have repulsed. Official reports do not agree exactly as to what is going on in Champagne and Artois, but apparently both sides are taking part in attacks.

In their reports the French say they have made further progress in the heights of LaFolle in the Sochez area as well as in Champagne. Compared with the allies' capture nearly 30,000 prisoners, 140 guns and innumerable machine guns, the German claim to have taken 15,000 men and 61 machine guns.

Russians Take Initiative

Temporarily, the great offensive may be considered at an end and the question is being asked as to where the next attempt will be made. The German line, it is thought, will be made made nobody doubts and the expectation is that it will not be long delayed. Russia has been relieved to some extent by the withdrawal of German troops to meet the offensive in the west and to supply a contingent for the enterprise against Serbia. Russia appears to be holding her own along virtually all her front. At any rate, the Germans make no claim to advance in Galicia and at several other points the Russians have now taken the initiative and are delivering heavy blows at the invaders, many of which, according to the German counts have been repulsed.

The moment Bulgaria throws her forces against the allies they will rally to the support of Serbia.

Greece Mobilizing Troops

Greece is already mobilizing her troops. Interest strategically in the Balkans will be concerned, mostly with the railway by which Serbia can be supplied with men and munition. This runs from Saloniki to Uskub parallel with and west of the Vardar river and thence to Mitrovitza. About sixty miles from Saloniki it passes within a few miles of the Bulgarian border near Strumitza, the scene of the raid by Bulgarian irregulars a few months ago.

Senator Sherman's candidacy for the presidency has been given further prominence by the strong resolution favoring him adopted by the Swedish republicans of the state at a recent meeting. In a lengthy and eulogistic resolution they endorsed his candidacy most heartily and declared that "he has proven his eminent fitness for the highest office in the gift of the people, commanding ability and industry with character and devotion to the people's interest."

The report of the government treasury for the month of September does not present a good Democratic campaign document. The income was a little more than \$50,000,000, a sum at least \$10,000,000 less than the ordinary disbursements of the month. The figures show that the receipts for the past three months have been more than \$38,000,000 below the disbursements, while the deficit last year was about \$23,000,000.

The St. Louis Globe-Democrat sees politics in the recent choice of Champ Clark as the greatest Missourian. It is pointed out that the day following that on which Champ Clark was officially declared the greatest man in Missouri, that the Champ Clark dinner was given in St. Joseph and a cry arose for Clark for governor. Evidently the Globe thinks that these two events were so timed as to give special significance to the Clark boom for the governorship.

Dispatches from abroad indicate that Bulgaria has receded from the neutrality stand announced some weeks ago and is sometime soon to enter the great conflict as an ally of the Teutonic forces. The English press concedes this to be true and sees in the Bulgarian stand the belief that the country's enemy—Serbia—can be crushed at this time. Evidently Bulgaria, like Italy, has been wavering about casting her lot with either side and has finally come to the conclusion that there are the greatest possibilities by joining with Germany and Austria. Italy's announcement of reasons for entering the war was somewhat terse and cold-blooded, and possibly Bulgaria will be equally frank.

When the Riggs National bank of Washington some months ago began a suit against Secretary McAdoo and Comptroller Williams, bankers throughout the country knew that a war of no mean proportions had been started. The Riggs National through its connection with the National City bank of New York, is one of the most powerful in the country, and it was realized that the suit would not have been brought, charging government officials with seeking to injure the bank, unless large financial interests were behind the suit. Another chapter was recorded Friday, when the president and other officials of the bank were indicted for perjury. They are charged with making false affidavits in connection with the suit already mentioned. There will no doubt be other developments, and the end of this strife, which has both financial and political significance, is not yet.

In Pekin the business people have arranged for a street fair which is to be held one day this week. It is of a new type, however, and all the attractions will be made at home and it goes without saying that they

will be decidedly different from those which characterize the average fair. Jacksonville has no plans for a street carnival, but Window Display week, Oct. 11 to 16, will present many attractions worthy of the attention of visitors. Practically every merchant in the city who carries newspaper advertised goods has joined heartily in the movement and some excellent displays are anticipated. The substantial prizes offered by the local newspapers have stimulated interest in the matter. The automobile show in Central park will also be a big feature.

Many Inquiries For Farms.
Some Morgan county land sold the other day at a very low price. That was the result of a forced sale, and not because land prices have a downward tendency. In fact, the opposite is true, and local real estate dealers report they have had more inquiries about farms in the last two months than during a whole year preceding. One reason is that after meeting all the difficult conditions of the season, that the farmers have found the total returns from farming thus far very satisfactory, and the corn crop is now considered practically safe. There are only a few fields that were planted so late that there is danger of frost, and these conditions have contributed toward the general feeling about farm lands. The price at which corn will sell has not been assured, but it will open at some figure between 40 and 50c and the size of the crop makes it certain that money will be easier this fall and winter with the farmers than has been true for some years.

The question of a township high school is now agitating the people of Decatur. It is claimed that the city has outgrown its present high school accommodations and that another school building will have to be erected if the same per cent of increase which has marked recent years prevails for a time. It is maintained that a great many students are being held back in the ward buildings who should now be attending the departmental building, and a lack of facilities is the cause.

The argument that contiguous territory could be made to share the expense of a great high school is also being urged, and there is some possibility of the township high school plan succeeding. Illinois has a number of such schools and the principal advantage they usually have is in the amount of funds at their disposal, making possible the employment of a high priced faculty and the introduction of splendid equipment.

How Old Glory Was Named.
In these days of patriotic talk and endeavor the question is frequently asked how the United States flag received the name of "Old Glory." At one of the woman's clubs recently the following story was told. William Driver, born in Salem, Mass., was captain of the brig, "Charles Daggett," when in August, 1813, he set out upon a memorable cruise which resulted in the rescue of a colony of British mutineers with their descendants at Tahiti, and their restoration to their home in Pitcairn Island. Just before the brig left Salem a young man at the head of a party of friends saluted Capt. Driver on the deck of the Daggett, and presented him with a large and beautifully made American flag containing 100 yards of bunting. It was done up in stops, but when it was hoisted aloft and unfurled to the breeze, Capt. Driver then and there christened it "Old Glory." The name must have come into his mind by direct inspiration as a fitting appellation and one which is used until this day to show our admiration for our flag. Capt. Driver afterwards settled in Nashville, Tenn. He sewed "Old Glory" up in the coverlet of his bed to keep the Secessionists from capturing it during the Civil War.

Too Much Coal Produced.
A state document recently made public shows that for the year ending June 30, Illinois produced 57,661,694 tons of coal. This total shows that Illinois ranks among one of the leading states in coal production. The output was not as great as has been true in some former years, owing to general industrial conditions. During the early months of the year and all through the summer mines were not working full

time because so many industrial concerns were not using the same amount of fuel that they had in years before. It is true too, that Illinois has too many mining properties. During the anthracite strike a few years ago the price of soft coal advanced to such a high figure that a great many people were induced to invest their money in mining properties. Now the state can now produce more coal than the demand requires.

As the result of this condition and the industrial quiet, there are a great many mining companies in the state which have for a year or two past been upon the verge of bankruptcy. The situation grew so acute that early this year some of the operating companies wished to form an association and adopt certain methods of operation and sales which would reduce their cost. In order to be in accord with the federal trust law, a committee went to Washington to interview the authorities there and acquaint them with their plans. The financial situation in which the mines find themselves was fully outlined, in view of this condition, the sanction of the government was given to the organization which has been perfected.

An Advance Movement.
One of the strongest indications of advancement and development in the south is the fact that plans have been completed for a school of philanthropy to be established at Atlanta. The purpose of the school is to supply trained social workers for the south, and philanthropic and educational organizations are behind the movement. It is understood that the desire is to meet the increased demand in accordance with modern development and thought for trained social workers who can go into the homes of the poorer families and show them in a practical way how they can better themselves. The great need of the south is education for the colored people and for certain classes of the white people, and the establishment of this school can be really classed as an educational movement although the institution is to be termed a school of philanthropy.

Honors For Von Hindenburg.
It is said that notwithstanding the stress under which the German people are now living, that they recently found time to give observance to the sixty-eighth birthday of Field Marshal Paul Von Hindenburg. He was the commander of the German drive toward Petrograd and today ranks as one of the world's newest military leaders. Through many years of his life he has been training and preparing for such an opportunity for military accomplishment as the great war has afforded. While his name has been associated with the military life of Germany for years, the world at large knew little of Von Hindenburg until the war broke out that he had been sent to meet the Grand Duke Nicholas and the Russian army on the eastern frontier. It was Von Hindenburg's plan which when put into effect stemmed the Russian invasion last year and his advice was heeded somewhat because he knew every foot of the border country and had laid out the campaign in such detail. The success of that plan brought the great general his reward when he was selected by the kaiser to lead one of the German armies with which it is hoped that Russia may be crushed. Von Hindenburg was born Oct. 2, 1847, at Posen. He studied at the military school and in 1866 in the war with Austria was slightly wounded. In 1870 he was present at Sedan, Gravelotte and the siege of Paris, and won the iron cross in the campaign against France. In 1911 he was retired and it was rumored at that time that his retirement was somewhat due to offense that the kaiser had taken at the old general's bluntness of speech. But notwithstanding his retirement, Von Hindenburg was busy and it was as a result of his plans and arguments that the Masurian lakes were drained and thus formed a natural defense against Russian invasion.

JACKSONVILLE PEOPLE HEAR OF NEW ORLEANS HURRICANE

M. C. Hook received Saturday a letter from his sister, Mrs. C. W. Gilmer of New Orleans, La., in which is described the big gulf storm of Wednesday last. The plant of the American Tar & Turpentine Co., in which Mr. Gilmer is interested, was wrecked by the gale. Railway communication with the outside world was cut off and Thursday afternoon, when the letter was written, street car service in the city had not been resumed. Every window in the Maison Blanche building, a large department store, was broken by the 120-mile an hour gale. The Berlin street market was wrecked and the old town was almost demolished.

The storm began at 3 o'clock Wednesday morning and continued for twenty-four hours. Fires in the tar and turpentine plant were put out at 11 o'clock. The hurricane reached its height between the hours of five and six, when Mr. Gilmer and six others were forced to take refuge in a room to save themselves from the violence of the wind.

LICENSED TO MARRY.

THREE HUNDRED SEVENTY MEMBERS IN THE JACKSONVILLE Y. M. C. A.

Two hundred and twenty-nine members added in a five-day campaign is the record of the Young Men's Christian Association of Jacksonville. At the close of work Saturday night at 10 o'clock the number recorded brought association membership to 370, or twenty more than the goal appearing in state headquarters announcement. The Reds finished with 81 and the Blues with 148 new members.

Friday night at 8 o'clock a rally and celebration will be held at the Y. M. C. A. building. Later, it is probable that the losers will give a banquet for the winning side.

Workers with high personal scores were Joshua Vasconcellos, with 35 members added to the association; Henry J. Rodgers with 20; Percy A. Jenkinson, 29; W. G. Goebel, 15; Carl E. Robinson, 12; H. A. Brewer and L. S. Recker, together, 37; Harry A. Frye, 6; W. B. Miser, 8; Fred B. Hopper, 10 and Russell Pinkerton, 9. Much credit was due the enthusiasm of Walter Bellatti, chairman of the membership committee.

Unofficial reports from Chicago at an early hour this morning, gave Jacksonville second rank in the state. Pontiac finished first.

IN ALL DEPARTMENTS NEW GOODS ARE DAILY ARRIVING AT VERY MODERATE PRICES.

MORTUARY

George W. Chatterton, one of the best known theatrical managers in the middle west, died at his home in Springfield Friday evening at 7 o'clock. Mr. Chatterton was sixty-two years old at the time of his death which was caused by heart trouble.

Mr. Chatterton was prominently identified with the theatrical business in the middle west. The Chatterton opera house in Springfield was built by his father, George W. Chatterton, and was managed by the son. The theatre was erected in 1879 and was at that time probably the largest theatre in the state.

Some years ago Mr. Chatterton acquired control of a number of theatres in Illinois. This list of theatres included, the Chatterton Opera House in Springfield, The Grand Opera House in this city and theatres in Danville, Urbana, Bloomington and Lincoln. Mr. Chatterton had control of the local theatre during the seasons of 1905-6 and 1906-7.

Mr. Chatterton was well known in this city where he visited many times socially and in the interest of his theatrical interests. He was a close personal friend of Capt. Frank C. Taylor of this city.

Wilson.

Mrs. T. J. Pitner has received word of the death of her aunt, Mrs. Charles Wilson, who passed away at her home in Colorado Springs, Colo., Friday evening at 9 o'clock. She was 80 years of age and the last member of a large family. She was born in Missouri but had been a resident of Colorado for forty years. She had visited in Jacksonville, where she had a number of friends.

Foulk.

Helen Barth Foulk, little daughter of Mr. and Mrs. Hal C. Foulk of Carlinville, died Saturday evening at 6:30 o'clock at Dr. Day's hospital after an illness of three weeks. She was born in this city Oct. 6, 1913, while Mr. Foulk was proprietor of the Dunlap hotel. The body was taken to Gillham's undertaking parlors and is now at the home of Mrs. Charles Fawcett, 741 West North street. Mrs. Fawcett was the godmother of the child two years ago. The body will be sent to Carlinville Monday morning on the 6:57 o'clock C. B. & Q. train, where funeral services will be held at three o'clock Monday afternoon from the hotel residence of Mr. and Mrs. Foulk.

THE BIRTH RECORD

A letter to the Journal from Spokane, Washington, announces the arrival of a son, James Arthur, weight 8 lbs., 3 oz., at the home of Mr. and Mrs. Carl O. Gordon. The bride was formerly Miss Stella Cline of this city.

FUNERALS

Colburn.

Funeral services for the late Walter Clyde Colburn will be held from the family residence this morning at 9 o'clock in charge of the Rev. Howard French, pastor of State Street Presbyterian church. The remains will then be taken to Loami where interment will be made.

It was reported that the child died of diphtheria. The attending physicians after careful diagnosis pronounced the disease as croup.

Prompt service, the very best grades, consistent prices. Anything in the building line at F. J. Andrews Lumber Co.

VISITORS FROM ALEXANDER.

Visitors in Jacksonville yesterday from Alexander and vicinity were Mr. and Mrs. C. M. Strawn, Mrs. Barbara Ludwig and family, Mrs. Henry Strawn, C. W. Andrews, Joseph Ludwig, Martin Hohman, Lloyd Hohman, Andrew O. Harris, Mrs. Samuel Ruble, Miss Margaret Berg-Schneider, Miss Katherine Hagan and Miss Althea Hall.

SOCIAL EVENTS

Long-Duewer Wedding to Take Place Soon.

The marriage of Jacob A. Long of this city and Miss Anna Duewer will take place in November at New Berlin, according to announcement made Saturday afternoon at a party for Miss Duewer at the home of Mrs. William Pfeffer, in New Berlin, a sister of the bride-to-be. Yellow and white was the color idea carried out and place cards of these colors were used with the two-course luncheon. Dainty paper hearts with initials were enclosed in capsules and these capsules, reminiscent of the prospective groom's profession, were discovered by the guests as they partook of the luncheon. In a game of hearts, the prize was won by Miss Rose Luken of Waverly. Miss Mae Worch of Lincoln and Miss Louise Guyette of Jacksonville were other guests from away.

Miss Duewer is the daughter of Mr. and Mrs. William Duewer, residing near Waverly. Mr. Long is the son of Mr. and Mrs. August Long of New Berlin. He studied in the St. Louis college of pharmacy and has for two and a half years been employed in the drug store of M. E. Gilbert.

Strawn's Crossing Woman's Club.

The Strawn's Crossing Woman's club at their meeting this week were guests of Miss Anna McDonald, of the Clark's chapel neighborhood. There was a large number of the members present. The quarterly election of officers was held, and at the end of the business meeting Mrs. William Davis read a paper on the preparation of salads and gave several recipes. Mrs. Elmer Nicholson told about preparing bulbs for winter blooming. Mrs. William Cleary read an interesting paper on birds and literature. The roll call was answered with autumn quotations. After the meeting refreshments were served. The next meeting will be held with Mrs. Andrew Harris, Jr.

The following officers were elected:
President—Mrs. William Cleary.
Vice-president—Mrs. Andrew Harris, Jr.
Secretary and Press Correspondent—Mrs. Dimmitt Trotter.
Corresponding Secretary—Miss Anna McDonald.
Treasurer—Mrs. Howard Cully.

Woman's Auxiliary Of Trinity Church.

The first monthly meeting of the year of the Woman's Auxiliary of Trinity Episcopal church, was held Friday afternoon at the home of Mrs. Albert Cox, on Jordan street. The following officers were elected:
President—Mrs. A. J. Ward.
Vice-president—Mrs. Albert Cox.
Secretary and Treasurer—Miss Fannie Wakely.

The afternoon program consisted of a paper by Miss Roberta Davis and the poem "Little Blue Box" was read by Miss Eleanor Andre. Gifts and subscriptions to maintain missionary work, and hospitals independent of the church, were received. The members also open the "little blue box" and its contents will be sent to New York as a part of the great offering which is to be made in October, 1916, at a triennial to be held in St. Louis. During the afternoon light refreshments were served.

Mrs. Emma G. Smith Entertains Class.

In honor of Miss Lena Johnson, whose marriage to Mr. Leonard Finley takes place this week, Sunday school pupils of Mrs. Emma G. Smith enjoyed a pleasant social evening Friday at the home of Mrs. and Mrs. Carl S. Hillerby were chaperones. Miss Johnson was presented a carving set and a book of favorite recipes, compiled by members of her Sunday school class at Westminster Presbyterian church.

MAVERICKS

The Statesman.

He knows what caused the awful war That's raging now in Europe. By looking at the sun he tells When there is rain in Newark.

He allows if he was president In the Mexican situation, The greasers would behave themselves Or he'd whip them like tarnation.

No matter what you talk about Suffrage, baseball or golf, This Solomon knows it all And just keeps blowing off.

Though in all things he is supreme We forgot to say in passing, While he debates affairs of state His wife has to take in washing.

The Peoria Journal speaking of President Wilson's Mexican policy say he did not play all his cards face up on the table. Some people are curious to know whether he had duceces or aces buried.

There were few robberies in Springfield state fair week, according to the Springfield papers. Evidently the Springfield paers consider the holdup of every visitor to the fair by hotel and restaurant men as no violation of the law.

These may be the melancholy days The poets sing about, But it seems to us they're mighty fine For making sauer kraut.

Pretty soon there will be no pleasure for the boys and girls. The authorities have decided that a young man driving an automobile with one arm and hugging his best girl with the other is guilty of careless driving and liable to arrest. The ruling probably will have about as much effect on the boys and girls as the warning of the doctors a few years ago that kissing was dangerous.

Some one has invented pockets for a suit case to increase its carrying capacity. Any man who has ever carried one his wife packed knows there is no need to increase the carrying capacity.

Peoria is to have a civic parade. We know of no city in the country at the present time that needs a civic awakening more than Peoria.

Dangerous Occupation.
Lou Wells, while working in a field near Jennings' spring, southwest of town, tying fodder shocks, met with a painful accident.

The other day two Pike county men were held up near Quincy by a band of young women. The men were badly frightened and did not report their adventure to the police. It goes to show that if woman's suffrage keeps up a man will have to provide himself with a chaperone to be safe.

The esteemed Peoria Transcript refers to the Hon. Andrew Russell as Andrew J. Russell of Springfield. For a paper that poses as a simon pure republican newspaper there are many things the Transcript does not know about Illinois politics and Illinois politicians.

In spite of the fact that the Allies are said to be driving back the Germans on the western front and the Russians are making progress in the east none of the fighting has yet been done on German soil.

According to the Barry Adage one of her citizens met up with some bad luck in Springfield state fair week, being relieved of \$26, by a pickpocket. The Adage is mistaken. The citizen was lucky. If he had run into a hotel keeper he probably would have lost his clothes as well.

Editor Luttrell's Opinion of Knockers
You remember Noah had to work a long time on that ark. It was uphill business, too, at best, building a boat away out on dry land while the local anvil and hammer club sat around spitting tobacco juice upon his lumber, whittling up his pine boards with their jackknives, and telling him what a fool he was for expecting rain in a country too dry to grow alfalfa, but he kept at it. Finally the flood came; every mother's son of the croakers were drowned. This is the only instance we now of in either sacred or profane history where a bunch of knockers got exactly what was coming to them.

ANOTHER BURGLARY REPORTED
The residence of William Young on south Main street was visited Thursday night but the thieves did little damage. The family refrigerator is on the back porch which is inclosed with wire screens and in the morning when Mrs. Young went out she found the door to the porch opened. Investigation disclosed the fact that some one had used a candle and had dropped grease all about. The top of the refrigerator had been raised but the doors to the lower part where the food was were locked and had not been tampered with so that no damage was done and nothing taken. Mr. Young thinks it is likely that the same individuals went on to the home of Mr. Masters and with more favorable results to themselves.

GERMAN DYNAMITER IS HELD IN CANADA.

Charles Respa Charged With Attempt to Blow Up Large Ammunition Factory.

Walkerville, Ont., Oct. 2.—Trial is set for Monday in the high court of the dynamiting charges against Charles Respa, alleged to be a member of a German organization which planned to blow up the larger Canadian factories that are working day and night on war munitions.

Respa has been held in jail at Sandwich, Ont., since his preliminary hearing, when it was brought out that another dynamiter who is serving ten years for the same offense is the principal witness of the government to prove the complicity of Respa. There are three charges against Respa: First, the conspiring with William Leffler, now in jail and Albert Kaltschmidt, for whom the authorities are searching, to blow up Canadian buildings; second, blowing up the Peabody Overall Co. plant at Walkerville last June, and, third, placing dynamite in the rear of the armories at Windsor, Ont.

Respa, Leffler and Kaltschmidt are all from Detroit. Leffler is doing ten years in Kingston prison. He has identified as the man who placed the dynamite both at the Walkerville plant and the Windsor armories. That there is a woman in the case was indicated by Leffler, who claims that Respa and his sister, Mrs. Carl Schmidt, of Detroit, brought dynamite in suit cases to the ship where Leffler was working.

Respa will make a vigorous fight against the charges. Powerful fraternal agencies and many Detroit friends are exerting every effort to disprove the charges. That the defense would put up a strong alibi fight was indicated by his friends. It will be shown, according to them, that Respa was not in Windsor or Walkerville around the time of the explosions.

Crown Attorney J. H. Rodd will prosecute the case against Respa, and one of the most interesting trials in Canadian history is anticipated. The accused man formerly lived in Germany. His brother in law, Carl Schmidt, is interned in Canada, along with Gustav Stephens, who are suspected of complicity in an attempt to blow up the Niagara bridge of the Canadian Pacific railway.

NOTICE TO CONTRACTORS.

The board of education of Jersey township high school, Jerseyville, Illinois, will receive sealed bids up to noon, Friday, Oct. 8, 1915, for the grading and leveling of approximately 7,000 yards of earth and the laying of 170 pieces of 27-inch drain tile across school lot. Specifications, data and other information may be secured from architect at office on school site.

The board reserves the right to reject any and all bids.

WHO NAMED JACKSONVILLE?

There has been some discussion lately as to who named Jacksonville. The thirteenth family here was that of Verlen Daniels. Mr. Daniels married a sister of the late Rev. Charles B. Barton.

A sister of Mr. Daniels was the mother of Ottawa O. McAllister, one of our well known citizens. Mr. McAllister states that he has often heard his people talk of the manner in which the future "Athens of the West" was named. There used to be a man here named James Jackson, who was the father of Charles and Louis H. Jackson. James Jackson's father was an early citizen of Morgan county, and a man of some note. This older Jackson was present when the town was laid out, according to Mr. McAllister, and he picked up a stake and sharpened it to a point. He then set it in the ground, and said: "When I strike this stake to drive it down, I will give the name of this town."

He struck it with an axe or mat and exclaimed "Jacksonville!" And this is one of the earliest accounts of how our city got its name.

TEACHERS OF THE DEAF WILL RECEIVE HIGHER SALARIES

Board of Administration Adopts New Rule Which Benefits Those Long in Service.

Because of the new salary schedule at the school for the deaf which has been adopted by the state board of administration a number of the teachers at the school will receive large increases in salary. The new rule provides that a teacher at the school for the first year's work shall receive a salary of \$600 and that there shall be an increase in salary of \$50 a year until the maximum salary of \$1,300 is paid. The teachers, both men and women, are to receive the same salary, though in the past men have received higher salaries than the women.

The provisions are such that preferences are shown for those who have taught in Illinois, and notwithstanding experience elsewhere, teachers who enter upon work here must begin at the \$600 salary. While the new rule will be of distinct advantage to the Illinois teachers who have been members of the force for some years, it is feared that there will be difficulty in securing teachers from outside the state, and it is often necessary to do this in order to fill the vacancies.

Teachers of the deaf receive higher salaries than those who teach in other schools but notwithstanding this fact, probably because of the great nervous strain in this particular class of work, the profession has never been overcrowded. It is said that a teacher of the deaf who is well trained is never in want of a position and a number of the state institutions have had difficulty in securing all the teachers that they need. It is probable that the board of administration in adopting the rule and increasing the salary limit, believed that the attractive salary would prove an incentive for a larger number of young people to fit themselves for this work.

MANCHESTER DEFEATS CHAPIN.

Manchester high school defeated Chapin high school at basketball at Manchester Saturday. The final score was 47 to 8 in favor of Manchester. Chapin fully expected to carry off the honors but found the Manchester boys too fast for them. This is Manchester's second victory their first being a victory over Kane by a score of 66 to 2. The Manchester boys would like games with teams in neighboring towns. The lineup:

ILLINOIS COLLEGE NOTES.

The college devotional service will be held at Academy Hall at 6:30 Sunday evening. Miss Miriam C. Akers, Hansel D. Wilson and Miss Helen B. Lee will give accounts of the Geneva Student Conferences. Although these meetings are intended primarily for students and faculty, alumni and friends of the college will also be welcome.

Registration in the college is still continuing. 170 students are now registered in the college department. The college has been obliged to order extra seats for several of the recitation rooms. The accommodations in the boys' commons are not adequate and all irregular boarders have been excluded.

In the religious census of the college and Whipple Academy the different denominations are represented in the following order: Methodist, Presbyterian, Christian, Baptist, Congregational, Episcopal, Roman Catholic, German Evangelical, Lutheran, Unitarian, Jewish.

President Rammelkamp went to the meeting of Presbytery in Springfield on Tuesday as the commissioner from Westminster church.

The college tennis courts have been put into good condition and the game is being enjoyed by both students and faculty.

The college recently received from Asa Turner, Farrar, Iowa, an oil portrait of his father, Asa Turner, who was a member of the Yale band. It is probable that special exercises will be arranged for the presentation of this portrait to the college.

Mr. George M. Russel recently presented to the college library a number of books, chiefly in the field of foreign languages.

The Rev. C. M. Eames, '04, is taking post graduate work at the McCormick Theological seminary.

Ernest L. Berry, '13, was a visitor on the campus on Wednesday.

Calvin Atchison, center of last year's foot ball team, was on the campus Wednesday. "Cad" watched the scrimmage between the college scrubs and the high school team.

Through the kindness of the girls of the Gamma Delta society the girls' study in the Jones building has been greatly improved by new draperies at the windows.

GOLDEN DAYS.

I'm glad to be living when Autumn is giving a glisterous map to the air; my labors I tackle with jubilation, cackle, and pause not a moment to swear. In summer a fellow feels yawing and yellow, the heat takes the vim from his form; he's fussing and fretting, and swatting and sweating, the days are so stupidly warm. But summer is ended, an climate that's splendid, refreshing and mild, is on tap, and there's no excuse for—the world has no use for the languid and indolent chap. So put on your gaiters and gather the taters, and saw up some wood while you may, oh, don't you go loshes and harvest the squashes, and fill up the cornerb with hay. Get busy! remember the storms of December, the snow and the sleet and the slush! Be wise as a wizard, prepare for the blizzard, and bank up the house with a rush. Soon winter will jump us, and then when the rumpus of riotous weather begins, the man who got ready in the day calm and steady, will look on the tempest with grins.

DR. C. C. HARTE ADDS HER PRAISE

Prominent Springfield, Ill., Woman Is Highly Pleased With Results.

RECOMMENDS TANLAC.

"Prominent people of this state are daily testifying to the good which Tanlac, the 'Master Medicine,' that is being introduced in this city, has done for them and their friends. A statement of exceptional interest was made recently by Dr. C. C. Harte, who resides at 103 East Adams street, Springfield, Illinois. Dr. Harte said:

"I used Tanlac for nervousness and loss of appetite and am happy to relate that it has done me a wonderful lot of good. Before taking this excellent remedy I was extremely nervous, being unable to sleep with any degree of enjoyment, and I was melancholy and irritable.

"I had very little appetite and the foods that I did eat didn't particularly agree with me. Since taking Tanlac, however, the nervousness has vanished, I sleep soundly and arise in the morning feeling greatly refreshed. My appetite has improved wonderfully and I relish everything I eat. Tanlac in my opinion is an extraordinary medicine."

Scores of others in Illinois, like Dr. Harte, are obtaining relief by taking Tanlac. It is being used by thousands in this state with most beneficial results, for stomach, kidney and liver trouble, nervousness, catarrhal and bronchial troubles, loss of appetite and unsound sleep. For cases of debility and as a tonic for run down persons it is especially beneficial.

Tanlac, the "Master Medicine" is now being sold in Jacksonville at the drug store of Coover & Shreve.—Advertisement.

MORNING GLANCES.

The Cubs defeated Cincinnati yesterday in a double header. The first game went twelve innings and the Cubs won by making two runs in the twelfth inning. The second game went six innings and the score was 3 to 0 in favor of the Cubs.

Boston and Washington split even in a double header yesterday. In the first game Johnson outpitched Wood while in the second game Dumont deserved a victory but lost his game because of an error by Shanks. Johnson allowed Boston but six hits.

At the meeting of the national commission in New York Saturday the final arrangements were made for playing the world's series. The first two games will be played in Philadelphia beginning Friday, Oct. 8. Then the teams shift to Boston where the next two games will be played. This means that Alexander probably will pitch two of the first three games. He probably will pitch the first game in Philadelphia and the opening game in Boston.

Pittsburgh lost to St. Louis yesterday by a score of 3 to 1. St. Louis made but four hits but they were bunched while Ames kept the Pirates' hits scattered.

Detroit beat Cleveland yesterday by a score of 6 to 5. Cleveland tied the score in the ninth but Detroit won in the eleventh when Crawford scored on Young's double.

The Chicago Whales jumped into the lead in the Federal league yesterday when they defeated Pittsburgh, the league leaders a double header. In the first game Pittsburgh used six pitchers while Brown went the whole route for Chicago. Pittsburgh touched Brown for sixteen hits but he kept them so well scattered that they netted but five runs while the Whales made eight runs off of 12 hits. In the second game which went eleven innings Chicago won 6 to 3 by making three runs in the eleventh.

FEDERAL LEAGUE PENNANT RACE WILL BE DECIDED TODAY

CHICAGO, Oct. 2.—By winning both games of a double header today, Chicago went into first place in the race for the Federal league pennant which will be decided tomorrow.

The Chicago club, which engages the Pittsburgh team in another double header tomorrow on the local grounds has but to win one of the two contests in order to win the pennant. Pittsburgh to win the pennant must defeat Chicago twice tomorrow.

The Red Sox are relying on their string of steady victories to land the world title. The dopsters say that Moran must get the jump to win the series. Alexander will be undoubtedly groomed to capture the first game if possible.

WORLD'S SERIES WILL OPEN AT PHILADELPHIA

FIRST GAME TO BE PLAYED FRIDAY, OCT. 8.

Harmony is Keynote of Meeting of National Commission—Matter of Accommodating Boston Rooters is Settled.

New York, Oct. 2.—The Philadelphia Nationals and the Boston Americans respective winners of the pennants of their leagues will meet in the first game of the World's Series of 1915 at Philadelphia Friday, October 8th. The subsequent dates of play will be Philadelphia, Oct. 9th, Boston, Oct. 11th and 12th; Philadelphia, Oct. 13th, and Boston Oct. 14th.

Should a seventh game be necessary to decide the baseball championship of the universe the scene of the contest will be decided by the toss of a coin, while the date will be Oct. 15th, unless inclement weather causes the postponement of some of the preceding games.

These and many other details in connection with the world's series were decided at a meeting here today of the National Baseball commission. Harmony was the keynote of the meeting. The city for holding the first game was chosen by the fall of a coin tossed by a newspaper representative in attendance at the conference. As the coin rose in the air, President Joseph J. Lammie of the Boston club called "Tails." When the coin fell to the floor it was "head up" and President William F. Baker of the Philadelphia Nationals promptly named his home park as the scene of the initial game between the rival league teams. President John K. Tener of the National League selected Charles Richter and W. J. Klem as the umpires to arbitrate for the senior league and President Johnson named William Evans and Frank O'Loughlin as the umpires for the American League. It also was decided that in case any game was postponed or was stopped while the score remained at a tie such game would be played in the same city where it was originally scheduled, on the next day or on the first fair day following.

The commission held a short executive session during which the matter of accommodating the 400 members of the Boston "Royal Rooters" at the Philadelphia games was settled, thus removing the only discordant element in sight. It was agreed that there should be given a special block of reserved seats in the Phillies park in such a manner as not to interfere with the rights of the home fans. In order to accomplish this, the Philadelphia and Boston clubs agreed to give up one hundred of the two hundred tickets allotted them and the National commission chipped in with another two hundred thus completing the four hundred required.

The trip of the two teams to the Pacific Coast for a series to be played in connection with the exposition at San Francisco also was informally discussed. It was decided to confer with a committee from the fair during the world's series and definitely settle the question of the trip at that time.

The arrangements for the inter-club series at Chicago also were completed.

The opening day was set as Wednesday, Oct. 6th, at the White Sox Park, with games to alternate thereafter between the Cubs and the White Sox grounds, except that all Sunday games will be played at the American league field.

The National League named Umpires Quigley and Orih and the American League Dinneen and Connolly for the games.

CHICAGO AND CINCINNATI BREAK EVEN IN DOUBLE BILL

First Game Goes Twelve Innings But Darkness Halts Second at End of the Sixth.

Cincinnati, O., Oct. 2.—Chicago and Cincinnati broke even in a double header here today, the former taking the first game 5 to 3 and the latter the second 3 to 0.

The first game was a twelve inning contest, but the second game was called at the end of the sixth on account of darkness.

Singles and a double won for Chicago in the twelfth inning of the first game. In the second Schneider kept the visitors' hits well scattered.

First game—R. H. E.
Chicago . . . 000 210 000 002—5 11 1
Cincinnati . . . 300 000 000 000—3 5 3

Batteries—Douglas, Standridge and Archer; Dale and Wingo.

Second game—R. H. E.
Chicago . . . 000 000—0 5 0
Cincinnati . . . 100 002—3 9 0

(Called on account darkness.)
Batteries—Humphries and Archer; Schneider and Wingo.

St. Louis, 3; Pittsburgh, 1.
St. Louis, Oct. 2.—Ames pitched St. Louis to victory over Pittsburgh in the last game of the season here today 3 to 1. Timely hitting won for the locals.

Score: R. H. E.
Pittsburgh . . . 000 000 100—1 7 1
St. Louis . . . 020 010 000—3 4 0

Batteries—Mamaux, Harmon and Gibson; Ames and Gonzales.

Chicago defeated St. Louis both games of a double header yesterday by scores of 3 to 0 and 6 to 1. In the first game Benz allowed but three scattered hits while in the second game Scott allowed seven hits but they only resulted in one run.

Boston is again basen't mad. Even the new Braves field will hardly hold the World series bugs.

Speaking of That New Fall Suit

Select it from among the latest patterns—the newest weaves—it costs no more.

Have your measure taken by an experienced tailor, a man who understands his work; who can make a correct pattern from his measurements, and who can cut a suit to properly fit a man for whom it is intended—

And who will give the correct style. There is everything in that last sentence—the correct style. That a garment turned out of this shop shall be in the mode is one of our most particular points.

Another thing, we welcome the opportunity to demonstrate to you that you can wear stylish, tailored-to-measure clothing at no greater cost to you than for a ready-made suit.

Won't you drop in and let us show you a number of patterns that may happen to strike your fancy—let us mold these into our Model Suit Maker, showing you instantly how the finished garment will appear.

Collars sent to us are molded on our Prosperity Molding machine instead of being ironed in the old way. The new method preserves them because it doesn't break down the edges.

Not only are collars taken care of as they should be in our Laundry, but the same careful attention is given to all fabrics—from cotton to fine linens. Your satisfaction is our success.

We are particularly anxious to show you the manner in which we turn out those fancy silks and dress shirts. We keep them looking like new and so they fit like they did when new.

Now is the time to consider the handling of your family washings. We handle them as cheaply as you can do them at home, saving you all the fuss, bother and risk from colds and illness in the family. Rough dry, all flat worked ironed, only five cents a pound. Call us up about this and let us give it a trial.

WHO WILL WIN WORLD'S SERIES?

With the Boston Red Sox winners of the American league pennant and Philadelphia winner of the National league, the attention of the fans naturally turns to the prospective winner of the World's series. While there apparently was an upset of the dope last year the picking of a winner this year is even more difficult. This is for the reason that neither of the winners looks to be much better than the teams finishing in the place in their respective leagues. Usually the pennant winners outclass the other teams. This is not the case this year. In fact, on paper, there are a number of teams in both leagues that look to be equally as good if not better than the winners.

The answer to the winning of their respective pennants by Boston and Philadelphia is in the pitching staff. The Red Sox have several first-class pitchers. None of them, however, look as good as Joe Wood did two years ago when the Red Sox copped the world's championship. Neither does the Boston team look as good as a whole as that led by Jake Stahl at that time. With Philadelphia the comparison is even worse. Philadelphia has won the National league pennant with practically one pitcher, Alexander. To assist him has been Cravath who has probably been the most timely hitter in either league. Philadelphia's other pitchers are only fair as is their lineup. The real fact is that they have a team of fairly good players pulling together. The team, however, does not compare in point of strength to the Boston Braves, winners last year.

There is little dope that figures out correctly in world's series. The few games played really does not show which is the better team, but rather the one which has the break of the luck. The team that gets the jump has a big advantage. Also the team that can hit the ball in the air where there are ground rules also has a lot of the best of it. In every world's series ground rules are made giving a two-base hit for a ball hit into the crowd. Thus many hits are safe that on an ordinary field would be easy outs.

The main thing in a world's series is the pitchers. On paper Boston has decidedly the better of the argument. She has Leonard, Collins, Foster, Shore, Ruth, Wood and Mays. All these men and especially Leonard, Foster, Shore and Ruth are good pitchers, and with the exception of Wood all are at top form just now. To offset this Philadelphia has Alexander. He is without doubt the best pitcher in either team. Philadelphia has Mayers, Chalmers, DeMaree, McQuillan and Rixey. Probably the best of the lot, aside from Alexander is DeMaree, though Chalmers has pitched some good games. In addition to their pitching the Red Sox righters are all heavy hitters. Every Boston pitcher is hitting over .250 while Ruth is hitting .321. It can easily be seen that hitters of that type are worth much to the hitting strength of a team.

Comparison of men in their re-

spective positions is not good dope as world's series of past years have developed a hero who was comparatively unknown during the season while the stars have been forced into the back ground or have played mediocre ball. For instance, Babe Ruth was the star of the White Sox Cubs series in 1906 and was not good enough to stick the next season. Ty Cobb in his first world's series was a joke. He was unable to get but two hits in the series with the Cubs and it was right after he had been hitting over 400 for the season in the American league.

Luderus looks as good as either Gainer or Hohlitzel at first and is hitting better than either of them. At second Boston on form has the better of the argument. If Jack Barry is able to play he looks better than Nelhoff or Duguey. In fact Wagner looks to be the equal of Nelhoff. At short stop Bancroft looks better than E. Scott or Janvry, while at third base Stock is a fine fielder but not a very good hitter. Janvry or Gardner look better than Stock on paper. In the outfield Lewis and Speaker look better than the men playing for Philadelphia, but Cravath is far ahead of Hooper though Hooper is a dangerous hitter in the pinches.

Back of the bat Cady is the equal if not better than Burns or Kilbier and has had the benefit of experience in a world's series. Carrigan also is a good catcher.

This brings it down to the pitchers. Boston has in Ruth, Shore, Foster, Leonard and Collins five men who can go in at any time and pitch a great game. To offset this Philadelphia has Alexander. The handicap is not so great as it looks like a short series as Mayer or DeMaree may upset the dope and prove to be the star of the series. However, Alexander is Manager Moran's one best bet. Don't be surprised if he delivers. You remember back in 1905 when Christy Mathewson beat the Athletics single handed. Mathewson was not any better than Alexander is now and the Boston Red Sox are not better than the Athletics were then.

As we said before dope doesn't amount to much. For instance Boston is second in team hitting in the American league with an average of .262, while Philadelphia is fifth in the National league with an average of .247. Cincinnati which is leading in team hitting in the National has had to fight to keep off of the bottom all season. In team fielding Boston is third while New York is first and New York has been down in the race nearly all season. In the National Philadelphia is fourth in team fielding while Cincinnati is again on top.

No dope don't count. Shut your eyes and place your bets. Don't be surprised, however, if Alexander should pitch the Phillies to the world's championship. Don't be surprised if Stock who is a weak hitter should prove the batting star of the series.

COBB CONTINUES TO LEAD AMERICAN LEAGUE

EDDIE COLLINS OF CHICAGO IS THE RUNNER-UP.

Jack Fournier is Third—Luderus and Doyle are Tied for First Place in Batting Honors in the National League.

Chicago, Oct. 2.—Tyrus Cobb of Detroit continues to lead the American league batters, according to averages published here today. The Georgian is hitting .368, while Eddie Collins of Chicago is the runner-up, .339 points behind, with an average of .329. Jack Fournier, teammate of Collins is next with .328. Others who have played in at least half of the games are: Speaker, Boston, .320; Melvin, Philadelphia, .316; Jackson, Chicago, .312; Veach, Detroit, .311; Kirtke, Cleveland, .302; Crawford, Detroit, .298; Strunk, Philadelphia, .297; Gainer, Boston, .296.

Cobb continues to be the leading run getter with 142. This is but five behind the American league record, which he made in 1911. The indications are that he will establish a new record in this department. In total bases he leads with 265. Sam Crawford, also of Detroit, being a close second with 261.

In stolen bases, Cobb who set a new record for pilfered sacks in the American league last week, promises to run his total into the century mark. He now has 93 thefts to his credit.

Olding, Philadelphia, and Reih, Cleveland, have tied for home run honors with 6 each.

Detroit leads in club batting with .264, Boston is second with .262 and Chicago third with .260. The leading pitchers of the league who have worked in 30 or more games are: Shore, Boston, won 20, and lost 7; Foster, Boston, 20 and 7; Ruth, Boston, 17 and 7; Leonard, Boston, 14 and 6; Boland, Detroit, 13 and 6; Daus, Detroit, 23 and 11; Johnson, Washington, 26 and 13; Scott, Chicago, 23 and 12; Ayers, Washington, 15 and 8; Gallia, Washington, 17 and 10; Fisher, New York, 18 and 11.

"Smoky" Joe Wood, worked in 23 games and won 14 and lost 4. According to these figures, the Boston club has five pitchers who are the only members of the "700" class.

In the National league, Luderus, of Philadelphia and Doyle of New York are tied for first place in batting honors, each having an average of .317. Following these are Blinchman, Pittsburgh, .307; Griffith, Cincinnati, .306; Daubert, Brooklyn, .305; Robertson, New York, .299; Merkle, New York, .299; Snyder, St. Louis, .297; Collins, Pittsburgh, .291; Long, St. Louis, .291.

Cincinnati leads in club batting with .255 and St. Louis is second with .253. New York with .249 is tied with Brooklyn for third place.

Doyle is leading run getter with 83 to his credit. Cravath, Philadelphia, leads in total bases with 257 and in home runs with 23, which is only two less than the major league record established by Freeman of Washington in 1899. Carey, Pittsburgh, leads in stolen bases with 37.

The leading pitchers who have worked in 25 or more games are: Toney, Cincinnati, won 16 and lost 4; Alexander, Philadelphia, 31 and 8; Mamaux, Pittsburgh, 21 and 7; Pierce, Chicago, 13 and 7; Coombs, Brooklyn, 15 and 9; S. Smith, Brooklyn, 13 and 8; Ragan, Boston, 17 and 11; Standridge, Chicago, 3 and 2; Vaughn, Chicago, 19 and 12; Pfeiffer, Brooklyn, 17 and 12.

The "300" batters in the Federal league who have played in at least half of the games are: Kauff, Brooklyn, .338; Magee, Brooklyn, .329; Fischer, Chicago, .327; Campbell, Newark, .314; Flack, Chicago, .311; W. Miller, St. Louis, .309; Mann, Chicago, .307; Wilson, Chicago, .307; Kortecky, Pittsburgh, .304; Evans, Baltimore, .303; Kenworthy, Kansas City, .300; Rouach, Newark, .300.

Brooklyn leads in club batting with .266; St. Louis and Pittsburgh are tied for second with .261; Chicago with .256 is next.

Kauff leads in runs scored with 92 and in stolen bases with 264 and in home runs with 17.

The "600" class pitchers who have worked in 25 games or more are: McConnell, Chicago, won 24, lost 10; Crandall, St. Louis, 21 and 10; M. Brown, Chicago, 16 and 8; Allen, Pittsburgh, 23 and 12; Reibach, Newark, 19 and 10; Cullop, Kansas City, 21 and 12; F. Smith, Brooklyn, 19 and 12; Packard, Kansas City, 19 and 12; Plant, St. Louis, 19 and 12; Anderson, Buffalo, 19 and 12; Marion, Brooklyn, 11 and 7; Jehlitz, Buffalo, 21 and 14; Barger, Pittsburgh, 9 and 6.

Ohio Wesleyan, .600 0 0—6; Harvard, 7; Mass. Aggies, 0.

Cambridge, Mass., Oct. 2.—Only a dashing leap and catch by Harte, Harvard's right end intercepted a forward pass, two minutes before the end of the game, enabled the Crimson to score against the Massachusetts Agricultural college today 7 to 0. The Aggies, who went through the game without substituting a player, had held Harvard scoreless for three periods.

After his catch Harte ran 36 yards for a touchdown and Rollins kicked the goal.

Cleanse The Blood Banish Rheumatism

Rheumatism Due to Bad Blood. S. S. S. Your Remedy

Thousands have been made well. People in the poorest health, suffering from Rheumatism, with whom pain was constant. Who believed that their vitality was sapped beyond repair. It was proven to them that the cause of their trouble was the blood; that Uric Acid, the most faithful ally of Rheumatism, had gripped them. The poison in the blood had sapped its strength. The weakened blood had allowed poison and impurities to accumulate, and all energy was gone. They felt "poorly," were listless, pain was ever present, with poor digestion and dyspepsia. They tried S. S. S., the famous blood tonic. They gave up drugs. This compound of nature's remedies of roots and herbs did what drugs failed to do. It literally washed the blood free from poison, and with the flow of pure blood came back health, strength, vigor and happiness. Get S. S. S. from your druggist. Insist upon S. S. S. If yours is a long standing case, write for special advice to S. S. S. Co., Atlanta, Ga., but begin taking S. S. S. at once.

COLLEGE OF MUSIC NOTES.

Mrs. Katherine Schroll, a pupil of Mrs. Hartman, has been engaged by the Redpath chautauqua for next season as soloist.

The college orchestra met for its first rehearsal on last Tuesday evening. About sixteen were present and the results were very gratifying. Prospects for the year are exceedingly bright.

The enrollment in the violin department is particularly gratifying and great interest is being manifested in this beautiful instrument.

Miss Lazelle of the voice faculty, is to sing at the open reception of the amateur club at Springfield. She has a number of other important engagements pending.

Plans are being formed rapidly for the artists course and within a week or so, definite announcement of the attractions for the season will be made.

THE CHANCE OF PROLONGING THE WAR.

What is the fraction of a total population which can be put into the field in war? Not more than one-tenth, most experts agree. This is above the percentage of the North in the Civil War and not far from that of the South, which actually put its last man in. Now on this basis Germany was able to put in the field 6,700,000; France, 4,900,000; Austria-Hungary, 5,000,000.

In the case of Britain and Russia, we have to consider two different situations. Russia had available by the rule of one-tenth not less than 17,000,000, but such a horde is beyond all the possibilities of equipping genius. On the other hand, it supplies a reserve that can be drawn on annually for just the amount that can be equipped. Last year the draft was 3,000,000. Roughly speaking we may expect that as long as Russia stays in the war she can furnish 3,000,000 new troops to meet losses each year.

England, on the other hand, does not have conscription and did not have a huge standing army or a trained national reserve. But by enlistment she raised 3,000,000 in a year, while her losses about balanced her trained forces at the outset. Plainly England can never again supply 3,000,000 in a year. By the law of one-tenth she still has about a million men available, but there is grave doubt whether they can largely be brought in without conscription.

We have already shown the present strength of the field forces of each contestant. Behind them stand in the case of the Allies the following reserves now mobilized: England, 2,500,000; France, 500,000 remaining from the first levy of 4,000,000, and 400,000, the new class of 1917 just called up or 900,000 in all. Italy, having called but 850,000 and lost but 100,000, has theoretically the difference between her resources under the law of one-tenth and this amount, or 3,500,000 less 850,000. But no one believes Italy is financially able to equip such masses, and 500,000 is perhaps a fair estimate of her contribution for 1916.

All told, then, the Allies can count on reserves of 7,000,000 during the coming year. As their permanent losses last year were 5,250,000 and their field armies today amount to the same total, a similar loss for this year would leave them with 7,000,000 standing, either in the field or immediately available.

Now consider the case of the Teutonic allies. They had under the law of one-tenth a little less than 12,000,000 available in August, 1914. They have lost finally 5,000,000. They have 4,500,000 in the field. This leaves a balance of 2,500,000, which will be increased by 1,200,000, when the contingent of conscripts for 1917 takes the field. But if their loss this year is equal to last year's. It will be 5,000,000 and on August 1, 1915, they will have but 3,200,000 to face 7,000,000 of the allies. The lines in the West cannot be held, at their present extension by less than 1,500,000, and Italy and Serbia will require at least 500,000 more for safe defense. This leaves only 1,200,000 to face the Russians.

Assuming that Germany can still hold her lines up to August 1, then what will be the situation as to fresh lives? France can only supply an annual contingent of 400,000, England 400,000, and Italy 350,000 plus anything she chooses, since only a small fraction of her total manpower available has been used. The Teutonic allies can furnish an annual contingent of 1,200,000. But there remains Russia with the capacity to put 3,000,000 a year in for a number of years still.

This is the whole story of attrition as the Allies see it. They believe on the statistics that are available, that some time next spring the time will come when Germany cannot keep her field force up to its present strength of 4,500,000. They believe that it will fall rapidly until by August 1 it will be around 3,200,000. The Allied strength, on the contrary, will rise to 7,000,000, and will be behind it on August 1 great Russian and considerable Italian reserves, while the Germans and Austrians, like the French and British, will have only their annual increment to add to their field forces.

Before the winter of 1916 they believe the Germans will have to contract their lines, because their numbers are too small to hold vast extent on the East and on the West. But until August 1, the Allies expect little change in the actual lines of battle and no considerable Allied success save about Constantinople. From "Crucial War Situations as Autumn Begins," by Frank H. Simonds, in the American Review of Reviews for October.

NOTABLE BIRTHDAYS TODAY.

Major-General William C. Gorgas, the famous surgeon-general of the United States army who conquered disease in the tropics and has been honored with General Goethals jointly by congress with the rank of Major General, is 61 years old today. While the building of the Panama canal is a brilliant achievement, the world has learned a broader lesson—that the tropics can be made habitable for white men. Gen. Gorgas is convinced that the civilizations of the future will be located in the highly productive tropics. Gen. Gorgas was born at Mobile, Ala., Oct. 3, 1854, the son of Gen. Schiah Gorgas of the Confederate army. He was educated at the University of the South and at Bellevue Medical college in New York. He was appointed a surgeon in the army in 1880. In 1898 he was sent to clean up Havana by sanitary measures, the high death rate from yellow fever was practically

LAND O'NOD STORIES

ON THE ROAD.

"The ants certainly must be great workers to build such a fine long road as this," said Billy Be By Do Bam looking with new interest at the swarms of busy insects hurrying along the broad highway that led to the ants' underground city.

"There is no mistake about that," replied Tinker Teedle Toe, who, you remember, was taking Billy to visit the Queen of Antland. "There's not a lazy bone in an ant's body. From early morning until late at night they are hard at work, either building roads, gathering food, caring for their children or enlarging their city."

"And the most wonderful part of it all is that they do their work without being told. No one directs their labors and there is no boss over them to see that they do their work right. Each ant has its own task to perform and goes ahead and does it without paying any attention to what the others are doing and no ant would ever think of shirking work. Of course an ant will often start to do a job that it too big or hard to be accomplished alone, and then it will ask some of its friends to help it. But there is no one who makes the others pitch in and help the first ant, they help of their own accord, just as you would lend a hand to a friend that asked you."

"How do the ants ask for help when they can't talk?" demanded Billy.

"Who told you they couldn't talk?" "Well, I never heard an ant make a sound of any kind, and if they haven't any voice they surely could not talk, could they?"

"Of course Billy. For the ants do not speak the same language as you," replied the merry little elf. "In fact you were right when you said they have no voice at all."

"Then how can they talk?" persisted Billy.

Instead of answering his question Tinker called Billy's attention to two ants that had stopped at one side of

the road. The one that was home ward bound had dropped its load and stood facing the other, gently waving the long, hair-like antennae or feelers that grew out from its head. Then the other waved its feelers back and forth a few times, the first ant picked up its load again, and they both went on their way.

"What were those fellows doing, Billy?" asked Tinker as they resumed their walk.

"I'm sure I don't know," replied Billy, "but the way they waved their feelers they looked for all the world like a pair of deaf and dumb men talking with their hands."

"That's exactly what they were doing, talking," replied the elf, nodding his head so hard that the weeny copper beetle he wore for a hat bounced up and down at a great rate.

"Talking? I didn't hear them make a sound."

"Of course not," Tinker answered. "They were using the sign language, which is the only one they know. An ant talks and smells and feels with those antennae or 'feelers' as you call them. Just how they communicate is a mystery that has never been solved. All we know is that it is by means of their antennae, which are truly wonderful organs and an ant would be in a sorry plight indeed if anything happened to its 'feelers.' For the ants have very poor eyesight, in fact many are nearly blind, so they depend almost entirely on their sense of smell and feeling to guide them through life and these senses are both centered in those hair-like antennae."

"Dear me, I had no idea those feelers were of any use," said Billy. "I always imagined they were a kind of ornament, the same as a cat's whiskers."

"Well, even a cat's whiskers are useful," replied the elf, "but I have not time to tell you about that now for if we are to get to Antland before the gate is closed for the night, we must hurry."

QUINCY WINS GAME FROM JACKSONVILLE

CONTEST GOES TO VISITORS BY SCORE OF 24 TO 0.

Jacksonville Eleven Put Up Scrappy Game But Were Outweighed Several Pounds by Adams County Aggregation—Big Crowd Witnesses Game.

Playing a scrappy game against a team that outweighed them by several pounds, Jacksonville high school met defeat on Illinois field Saturday afternoon at the hands of Quincy high by a score of 24 to 0. There was not a dull moment of play during the entire four quarters, and while the local lads did not succeed in making a touch down, the score does not really show the hard game put up by Jacksonville, nor the improvement the team has made since the game a week ago against Carrollton.

Quincy had a line that would almost do justice to a college eleven and their back field was fast. Cottrell right half back of whom the Quincy coach did not expect big things yesterday, played the star game for his aggregation. Heidbreiter proved a good ground gainer for the visitors, while Capt. Stuart, who played the other half for Quincy executed a number of clever movements. He handled his team splendidly. Quincy did not play five men who are on the regular team, the men being barred because of a ruling of the high school athletic association.

When weight is compared the Jacksonville men were considerably to a disadvantage and they are to be commended for the gameness they showed throughout the contest. Twice they displayed great form only to weaken before the visitor's strong line. In the third quarter Jacksonville worked the ball within one foot of goal when they were thrown back for a loss and Quincy booted out of danger. In the latter part of the second quarter Jacksonville marched down the field, by a succession of end runs, had the ball on the fifteen yard line when they were penalized for holding. The two Reynolds played a great game and Ferguson figured in the fighting for Jacksonville. King, who played his first game at left guard showed up well. Priest and Molohon exhibited great improvement over the last contest and the entire squad is getting a better understanding of the game.

Quincy scored in every quarter. Cottrell getting credit for the four touchdowns, Quincy was unable to kick goal.

A big crowd witnessed the game and during the afternoon the high school band, under the leadership of Fred Goodrich, furnished music. Quincy brought over a number of visitors and Mr. Smith, superintendent of the Quincy schools, accompanied the team.

The line-up:
J. H. S. Postition, Quincy.
Reeve, RB, Quincy.

WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1642 Junata Street, Philadelphia, Pa.

Another Woman's Case.

Providence, R.I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABRIEL LAWSON, 126 Lippitt St., Providence, R. I.

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

A TRIBUTE TO MRS. TYNER

Mrs. George W. Rhea, 203 Kentucky street, received yesterday from her sister in Carthage a copy of "The Carthage Republican", which pays high tribute to the memory of Mrs. Emily Tyner, her mother. Mrs. Tyner was faithfully attended by her daughter through ten long weeks of illness. The Carthage paper says:

"Entered into life eternal at her home in this city, Friday evening, Sept. 24, at 10:30 o'clock. Mrs. Emily Tyner, aged 64 years, 8 months and 23 days. And they shall walk with me in white: for they are worthy"—Rev. 3:4.

"The news of Mrs. Tyner's departure came as a shock at last to her many friends, in spite of the knowledge that the end of her long decline in health was approaching. Rarely has one passed out of this life whose last days were so filled with the loving thoughts and prayers of friends and the fathomless devotion of children and family. Conscious of her condition, and appreciative of the concern and grief of her family her patient, Christian strength in all her physical weakness was their support and comfort even in the last anguish of parting.

"There is such marvelous beauty and strength in simplicity, and Mrs. Tyner's life in thought, word and deed was absolutely devoid of artificiality or superfluity of expression. The marked characteristics of her life were her Christian virtues. She accepted Christ in girlhood under the preaching of Brother Garrison, now editor of The Christian Evangelist, and was baptized by him. As Mr. Denham in his funeral discourse said, "Her Christian faith was a conviction, not a sentiment", and she walked the path of duty, accepted responsibility and discharged life's tasks with the supreme confidence of one who counts God's promises as an asset.

"Born of those sturdy, well known pioneers of Pilot Grove township, Ashland, Wis. (Seeley) McGahen, on Jan. 1, 1851, Emily grew to womanhood in her native town, Burnside. There she found her Christian life, there she was married to Jared Tyner, Nov. 12, 1868, there were her children born and there her husband died July 11, 1882.

"With her three little daughters, she came to Carthage soon after her widowhood and with a diligence with which few pleasures interfered, she educated her children, re-established her finances and was ever the stay, comfort and dependence of her children.

"Mother" when we speak the name throughout our lifetime years, Sweet memories go trooping by, Of toil and love and tears; Of battles all so nobly fought. Within her walled-up heart Where silently without complaint She bravely bore her part. Shielding well with tender care Each soul that God has given, Teaching it the way to live, Preparing it for heaven; And for herself she took no heed, But lavishly she gave Her sympathy for every need From babyhood to the grave. And could we sing of lasting love Through joys and sorrows true, It would be of mother love, Her love for me and you."

"To attempt to depict the relations of this mother with her daughters and their families is to intrude on a holy of holies. Suffice it to say, she was the pivotal influence in the family life. She drew all hearts to her, she solved all problems without interfering, she healed with the touch of love and the prayer of faith; she filled all high occasions with the radiance of her delight and approval, she never missed an opportunity to observe anniversaries or appreciate kindnesses. And back of all this life of devoted, sweet service shone the great radiance of her Christian faith.

"It is needless to say that Mrs. Tyner has always been a great worker in the church and its various departments of societies and Sunday school and has been a worker whose help counted. With her it was a service of joy.

"To quote again from Mr. Denham's excellent funeral address, "If there are those who do not believe in the Christ life, they must admit from her happy, useful life, that such a faith is at least worth while."

"Mrs. Tyner was also a member of the Eastern Star.

"Besides the three daughters, Mrs. May Rhea of Jacksonville, Mrs. Viola Lyon and Mrs. Birdie Gibson, all of whom have returned the mother love in sincerest devotion, she is survived by five grandchildren, Chloë Rhea, whose birthday occurred on her's, which they never failed to celebrate together; Emilly, Orville and Jared Lyon and James Gibson, and three brothers, Thos. and Wellington McGahen of Chicago and Alfred McGahen of Dodge City, Kansas, beside a host of relatives devoted to her.

"The funeral was held at the residence Monday afternoon at 2:30, conducted by the Rev. W. W. Denham, formerly pastor of the Christian church of this city, now located at Canton, Ill. He was assisted by Rev. W. F. Boyd and Rev. F. M. Smith. Miss Eva Crawford sang very sweetly two solos. The interment took place at Moss Ridge, where she was left to rest beneath a blanket of flowers, the profuse offering of love from friends. The hearts of all Carthage go out to the family in their bereavement."

MUSIC AT VESPER SERVICE.

At the vesper service of State Street church Sunday at 4:30, Mr. W. F. Keith and Mr. Dean Cochran will play the "Andante" from Bach's Double Concerto for two violins. The quartet will sing, "Still, Still With Thee," by Lansing, and Sullivan's setting of "Lead Kindly Light." The public is cordially invited to attend this service.

EAT BIG MEALS! NO SOUR ACID STOMACH, INDIGESTION OR GAS

"Pape's Diapepsin" is Quickest, Surest Stomach Relief Known—Try It!

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that's a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.—Adv.

WOMAN'S COLLEGE NOTES.

Mrs. J. O. Kirkpatrick and daughter, Miss Myra, were at the college Saturday. Miss Myra entered the college for the regular A. B. course of study. Miss Eva Robinson, of Augusta, Ill., entered the college Tuesday, taking up work in the School of Home Economics. Mr. and Mrs. Robert Robinson came with her and spent the day in the city. Mr. Oscar Olson with his daughter, Miss Evelyn of Danville were at the college Wednesday. Miss Olson entered the preparatory department taking special work in piano and voice, and also the regular literary studies. Miss Ruth Carlson of the 1915 class of the Jacksonville High school, has enrolled in the English department, taking this in connection with her literary work.

President Harker has just returned after a several days visit in the interest of the college in the northern part of the state.

Plans are progressing for the Founders' Day exercises. President Harker has received letters from a great many out of town friends, graduates and former students advising that they will be present at the exercises. This year they promise to be even more interesting than in the previous years. Following the exercises will be a conference of trustees and visitors in regard to ways and means of promoting the interests of the college campaign for endowment.

The department of Home Economics is in receipt of four very accurate balances with complete sets of weights for use in the cooking laboratory. A large gas range is to be made to special order for the department. It will embody all the best features of gas ranges and have several labor saving attachments.

The Geology classes have been making a number of field trips the past week. The pleasant weather contributed very materially to the success of these trips.

A yellow billed cuckoo was found on one of the tree escapes of the college Monday of last week, having evidently flown against the railing and was killed. Miss Hollinger of the Biology department mounted the bird and put it in the department. She would appreciate having rare birds brought to the college for use in the department. They will be mounted by Miss Hollinger and used in the class room work.

The Juniors and Seniors returned Monday evening from their trip to Matanzas, and all reported a most delightful time.

The old members of the faculty gave a sewing in honor of the new members of the faculty Saturday evening in the Fine Arts studio from 8 to 10. A very enjoyable evening was spent; refreshments were served.

The Business managers of the College Greetings have secured over 400 paid subscriptions to the publication. This is the largest number that has been secured in any previous year and reflects credit on the energy and ability of the management.

W. D. ROBERTS FILES BANKRUPTCY PETITION

SCHEDULE SHOWS LIABILITIES
OF ABOUT THIRTY THOUSAND
DOLLARS.

Assets Listed at \$10,946.78—Secured Claims Total \$15,027.05—Insistence of Creditors Made Petition Necessary—George W. Sargent also Seeks to Wind up Affairs of Grocery Business.

The fact became public Saturday that W. D. Roberts has filed a petition in bankruptcy in Springfield. This action was taken through Bellatti, Bellatti & Meriary, attorneys for the firm. The schedule filed in the federal court shows total liabilities of \$29,934.32, and assets of \$10,946.78. Of this sum \$14,907.17 is in unsecured claims and \$15,027.05 in secured claims. The assets include \$1300 in accounts and the remainder in stock and fixtures.

A petition in bankruptcy was also filed by J. O. Priest in behalf of George W. Sargent, whose grocery store on East State street was closed about two weeks ago. The schedule shows liabilities of \$2,762.26 and assets of \$1,701.77. Unsatisfactory business conditions and insufficient capital determined Mr. Sargent upon his course in closing out his business.

The largest creditors shown on the schedule filed by Mr. Roberts are Mrs. Ella Roberts of this city, A. M. Roberts of Chicago, the Farmers' State Bank and Trust Company, C. F. Leach of Jacksonville, and Harry R. Moore of Chicago. The claims of the bank and Mr. Leach are secured. The store was established about four years ago, operating grocery and drug departments. A profitable business was done for a considerable time but the store was affected by general business conditions and the losses gradually came. Several weeks ago Mr. Roberts arranged with a Chicago firm for a complete audit of his books and believed that on the basis of this audit he would be able to borrow further funds to carry him for a time with the expectation that with a prosperous fall and winter season that there would be a satisfactory result.

However, a number of the creditors were so insistent for the payment of their demands that bankruptcy proceedings were determined upon as the only logical course. A. M. Roberts was originally a member of the firm but he withdrew a year ago last January and since that time has been employed in Chicago. Carlin C. Berryman has been appointed custodian of the property and will act for the court until the creditors meet Tuesday, October 12th and select a trustee.

Mr. Roberts has always been accounted a good business man and is an indefatigable worker. His many friends will sincerely regret that business reverses have come.

WINCHESTER

The Juniors of the High school entertained the members of the Freshman class together with the faculty, from 8 till 10:30 Friday evening in the association hall of the grade building. A novel way of entertainment was provided by dividing the guests into groups representing six different colleges. Burlesque contests, music and other entertainment was provided. The program closing with college yells. The hall was decorated in the colors of the juniors, red and white. During the evening light refreshments were served. Arthur Murray and family and Joe Barrett and family of Greenville arrived here Saturday in Mr. Murray's Oakland car to spend Sunday with friends.

The Winchester High school football team defeated the White Hall eleven here today by a score of 21 to 6.

Edward Rohrig and daughter, Elizabeth left Sunday for St. Louis to buy fall goods.

Mrs. Samuel Mosher remains very ill.

Miss Anna Nieman is here from Naples to spend Sunday with relatives.

H. D. Trickey who has been in the west on business for the past three weeks joined his family here Thursday. They expect to go shortly to their home in Lucerne, Indiana.

Mrs. David Hainsfather and daughter Dorothy will leave today for a visit in Chicago.

Mr. and Mrs. Thomas O'Donnell are the proud parents of a son, born last Thursday.

BANQUET AT CHRISTIAN CHURCH

Two hundred and twenty people sat down to the banquet table at Central Christian church at 5:30 o'clock Saturday evening and after an excellent supper, served by Mrs. C. B. Graff, to talks by Mrs. E. C. Carpenter, Miss Mary Seeger, A. W. Conner and the Rev. Myron L. Pontius. In the company were the teachers and officers of the Sunday school together with the boys and girls who have been attending the institute at the church during the week just past.

A fair sized audience heard Mr. Conner Saturday evening in his address on "The Heart of a Boy." This afternoon at 2:30 o'clock Mr. Conner's subject will be "The Heart of a Boy," and this evening he will speak on the subject, "If There Were No Church."

CHURCH SOCIAL POSTPONED. On account of the serious illness of Mrs. Walter E. Spotts, the annual chicken supper of Northminster church, which was to have been held next Thursday, has been indefinitely postponed.

FISKE O'HARA COMES TO THE GRAND TOMORROW

"Kilkenny" is the title of Fiske O'Hara's new play, from the pen of Augustus Pitou, Sr., which comes to the Grand Monday night. It is said to be the best Irish play that Mr. Pitou has yet written. Mr. O'Hara will sing five new songs during the course of the play. "That's What an Irishman Means," "Contrary Mary Cleary," "Ireland is Ireland to Me," "Dear Mother Mine," and "When It's Moonlight in Mayo." The scenes of the play are laid in Kilkenny during the Kilkenny carnival, 1810, affording opportunity for the wearing of picturesque costumes. Mr. O'Hara's appearance here is always eagerly anticipated by play-goers, and his clean and wholesome offerings have made him one of the most popular stars who visit this city.

RURAL CARRIERS HOLD ANNUAL ELECTION OF OFFICERS

Reports are Heard from State and National Conventions—Lay Plans for Banquet Next Month.

The rural mail carriers of Morgan, Scott and Cass counties held a meeting Saturday, seventeen members being present. The annual election of officers was held as follows:

President—A. R. Leake, Jacksonville.

Vice president—Clarence Herzberger, Beardstown.

Sec. and Treas.—Herman Ellis, Jacksonville.

Sergeant at arms—C. N. Wright, Murrayville.

A. R. Leake made a report of the state meeting recently held at Olney and the report of the burgoon was made by Frank Bourn.

O. E. Henry, a railway mail clerk of Chicago was given a transfer to Winchester, where he will have a rural route.

F. W. Gust of Beardstown who was a delegate to the National convention of carriers held in Detroit, gave an account of that meeting. He said that Montgomery, Ward and company had issued a special invitation to all carriers to visit their plant next year when the convention meets there.

Plans were talked over relative to the second annual banquet to be held November 6th.

ROAD DISTRICT OFFICERS HELD CONFERENCE SATURDAY

General Themes Were Discussed—Road Oiling to be Topic at Next Meeting.

The regular monthly meeting of road district clerks and commissioners of Morgan county was held Saturday at the court house with a fair attendance. The program of the afternoon was informal in character and related to general road topics. Particular attention was paid to the matter of oiled roads and the building of culverts. A. L. French spoke of oiled roads as a part of general road improvement, although he was by no means in favor of abandoning plans for permanent hard roads. He spoke also of the advantages of strongly constructed culverts.

W. F. Roegge, county commissioner, spoke of the advantages of oiled roads and indicated that the county board is very much in favor of this work. L. R. Craig and others present also took part in the general discussion. It was announced that at the next regular meeting of the association that the subject of oiled roads and the necessary preparation before oiling will be discussed by men who have had experience with this work. John Snyder, who is president of the association, presided yesterday and C. D. Irlam, secretary, served in that capacity.

Dress Up!

The New National Movement

It is easier and cheaper to be in style today than out of it. Being in style is a matter of selecting the right clothier.

If you have been successful you have the right to show your prosperity by wearing them.

If you have not been, you need the vigorous, clean cut, appearance they will give you, in making your new start.

Dress Up

It is the "dressed up" man who succeeds.

Incidentally Wilson and Rockefeller are both good dressers.

Every display is at hand to aid your selection. Expert advice in taste, quality and style gleaned from years of experience, is the complement of our merchandising. New business methods have enabled us to lower the margin of profit on each sale.

We have both the style—quality and the price that any man can afford to dress up.
